Ref: your request for OEKO-TEX Standard 100 Certificate

Dear Sirs,

Referring to your request of a OEKO-TEX Standard 100 certificate, we would like to inform you that this kind of certificate was replaced by the attached declaration and chart that act as equivalent.

In compliance with environmental norms of the produced yarns, we send you here attached the list of the substances that Filatura e Tessitura di Tollegno utilizes in respect of the main international standards (ie Oeko-TEX standard 100 or similar).

In the list you can find the substance and the maximum concentration tolerated by the current regulations.

The compliance to these regulations enables to use the yarns produced by Filatura e Tessitura di Tollegno spa to make garments that can be worn directly to the skin.

Possible variations of the controlled substances or the introduction of new usage limits will be acknowledged by Filatura e Tessitura di Tollegno spa in the shortest possible time.

We remain at your complete disposal for further requests and specifications.

Best regards

FILATURA E TESSITURA DI TOLLEGNO SPA
